

GEM XXIV and 7th APPICOM Meeting

AT THE CONFLUENCE OF BIOMEMBRANE SCIENCES

November 4 - 6, 2026

Lyon, France • Domaine Saint-Joseph

Scientific Themes

- Membrane mechanics and remodelling
- Structure and dynamics of membrane proteins
- Chemical and biophysical tools
- Theoretical and computational approaches
- Lipid organization and dynamics
- Membranes at interfaces
- Interactions with membranes

Confirmed Invited Speakers

George Heath
University of Leeds
United Kingdom

Abdou Rachid Thiam
CNRS / ENS
France

Marie-Cecile Caillaud
CNRS / ENS de Lyon
France

André Nadler
MPI-CPG
Germany

Gisou van der Goot
EPFL
Switzerland

Elena Ambrosetti
University of Trieste
Italy

Kiem Lam Ung
CNRS / Univ. Toulouse.
France

Lucie Delemotte
KTH
Sweden

DEADLINES
Abstracts **July 10**
Registration **August 21**
